- **Web & Backend Development:** PHP, Laravel, Java, JavaScript, HTML5, CSS, REST APIs
- **Database Management:** MySQL, MSSQL, SQL, Data Modeling
- **Project & Process Management:** Agile, Scrum, Requirement Gathering
- **Tools & Platforms:** Git, VS Code, Postman, Salesforce Org

PROJECTS

Salesforce Capstone Project — Intellipaat Certification Training

Role: Salesforce Developer / Administrator

Environment: Salesforce Developer Platform

Project Overview:

- Designed and implemented Salesforce custom objects, validation rules, workflows, and flows to optimize course and case management.
- Created custom objects (Course, Subjects, Course Leads, Technology) with necessary fields for business processes.
- Enforced validation rules to maintain data accuracy.
- Automated updates via workflow rules based on priority and lead amount.
- Developed a flow for case creation, dynamic assignment, and status updates.
- Used Process Builder and Flow Builder to enhance automation and efficiency.

CERTIFICATIONS

- Salesforce Platform Developer I (PD1)
- Salesforce Master (Developer & Admin), received from Intellipaat
- Salesforce AI Associate

WORK EXPERIENCE

TribeAppsoft India LLP, Kolhapur

Aug 2024 – Jan 2025

Junior Software Developer

- Developed and maintained 10+ backend services using MySQL, improving data processing efficiency by 25%.
- Designed and deployed RESTful APIs to enable seamless frontend-backend communication.
- Enhanced legacy Laravel interfaces by migrating 30% of key features to a Micro Architecture, improving scalability.
- Implemented build optimizations, reducing bundle size by 70–80% and significantly improving load times.
- Built an API Gateway in PHP, increasing request routing efficiency by 25% and ensuring consistent load balancing.
- Tested and validated all APIs using Postman, ensuring robust functionality and data integrity.

- Maintained and optimized a core PHP product, achieving a 20% boost in performance and system reliability.
- Resolved over 50 bugs and implemented product updates, raising customer satisfaction by 15%.
- Developed 5+ automated tools for data processing and reporting, reducing manual work by 40%.
- Actively contributed to product improvement and workflow optimization and effective cross-team collaboration.

EDUCATION

• Master of Science in Computer Science, Shivaji University	8.12 CGPA	2022 – 2024
• Bachelor of Science in Computer Science, Shivaji University	8.05 CGPA	2019 – 2022
